Urgent Care Visit
Patient: Dakota Mockridge DOB: 1992-05-09 MRN: F8225437
*** SYNTHETIC RECORD - NOT A REAL PATIENT ***
Author: R. Castellano, PA-C

Seen on 2024-04-20 after a fall on an outstretched hand.

Complains of right wrist pain, worse with gripping.

Wrist x-ray preliminary read by provider: no acute fracture identified.

Assessment: right wrist sprain. Placed in a wrist splint.

Follow up with primary care in 1 week if not improving.

Vitals: BP 128/82, HR 84, RR 16, SpO2 98% on room air, Temp 36.8 C.

I personally evaluated the patient and reviewed the available records. Documentation completed with the assistance of templated text and reviewed for accuracy.
